

**Dr. David Sammon** is a researcher/lecturer in Business Information Systems at University College Cork, Ireland. David holds a PhD from the National University of Ireland (Cork). His current research interests focus on collective mindfulness, sense-making, decision-making, organisational experiences with Enterprise-Wide Systems implementation, and medical information management & informatics. He has presented his research at major international conferences in Europe and in the United States and has published in international journals including: *Information & Management*, *Information Systems Journal*, *DATABASE*, *Supply Chain Management: An International Journal*, *Journal of Decision Systems*, and *Journal of Enterprise Information Management*. He is an Associate Editor of the *Journal of Decision Systems*.
